

CANNIFEST BOWL 2017 INTAKE FORM

APRIL 15TH & 16TH @ REDWOOD ACRES FAIRGROUNDS - EUREKA, CALIFORNIA

We are now accepting entries to the 2nd annual **Cannifest Bowl**, a Cannifest Community Choice Award. All entries will be tested by HQAL for the highest percentage of THC, CBD and total terpenes. The analytical results will determine which entries have the highest percentages for each (Most High, Most Medicinal and Most Flavor). The top four submissions from each test category will be available for judging in Area 215 at Cannifest. A positive result for pesticides, fungicides, or microbiology will lead to your submission being eliminated and destroyed.

Please complete and submit this form with three (3) ounces of dried cannabis flowers (including 1 show top for the case) and a check or money order to *Humboldt Green* for \$265. We require 3oz because the community judges the bowl and we have 215 community judges at Cannifest. The deadline for drop-off is **Saturday, April 1st, 2017** at High Noon. No exceptions due to timeline for testing.

Drop-off contact: **Hummingbird** – Contact Ken Hamik or “G” at (707) 530-2473 for details.

During Cannifest, the community does the judging. The first 215 people to enter Area 215 with their proper credentials who would like to be a judge will receive their “215 Judging Pack” for the Cannifest Bowl. Judging packs will include 12 cannabis samples, a glass pipe, a lighter, a score card, and swag from sponsors.

The Grand Prize for the single winner of the Cannabis Bowl will include an iGROW Induction light (valued at over \$1000), a handmade trophy made by artists at Mirador Glass and Woodlab Designs that can hold a pound of cannabis flowers. Also, the winner will be appointed Gran Marshall of the YesWeCann Community Parade with a seat on the float on July 10th. Search for the Cannifest Bowl Award on YouTube for video of the 2016 winner with the trophy.

We require 3 OZ of flowers from each submission so that we can test it and break it into the 215 judging packs. Any entries that do not make it to the finals will be used in the Ganja Games or be given directly to patients in Area 215 at Cannifest. No cannabis flowers will be returned. Phyllos Bioscreen will conduct a genotype test on all category winners and the Cannifest Bowl winner for free and will be provided with the results.

All Finalists names will be announced after the judging ends, and results will be posted on the Cannifest website. If you would like to have your logo displayed and link to your website, please send that information to us at seer@cannifest.com. The highest in each category will be announced at the awards ceremony

Drop-off Deadline is Saturday April 1st, 2017 (High Noon)

Submit this form, 3 OZ of cannabis flowers, and cash, check/money order for \$265 (made out to Humboldt Green). Please contact Hummingbird, Ken Hamik or “G” at (707) 530-2473 to arrange drop off.
